EXHIBITION

The Conference will combine the scientific program with an **industrial exhibition** which will be held next to the lecture room together with the coffee breaks, lunch area and poster location. The exhibition will be opened from **Monday 11 to Thursday 14 October**. We propose a unique stand area with a **global solution €1 000** (VAT excl.)

Many sponsoring opportunities are also offered to company. More information on the website.

THE PLACE: "PALAIS DES CONGRÈS" OF ANTIBES-JUAN-LES-PINS

60 Chemin des Sables F-06160 Juan-les-Pins (FR)

10-14 OCTOBER 2021
ANTIBES, FRENCH RIVIERA

CALL FOR PAPERS
UNTIL 15 APRIL 2021

Originally scheduled from September 13 to 17, 2020, the conference is postponed from October 10 to 14, 2021 due to the Covid-19 coronavirus pandemic and travel restrictions.

EURADH is an international conference held every two years in Europe which aims at gathering researchers from University, Industry and Technical Centres to present and discuss the current state of progress in the field of adhesion.

EURADH is organised by the French adhesion division (SFA) of the French Vacuum Society (SFV) with the support of the Dechema (Germany), the Society of Adhesion and Adhesives (UK), the Portuguese adhesion society, De Bond voor Materialenkennis (Netherlands), Grupo Espanol de Adhesion y Adhesivos (Spain) and the Italian community of adhesion.

This four-day event will bring together leading experts in adhesion science (chemistry, physics, mechanics, biology, interface durability...) and other professionals for exchanges through lectures and posters.

We are looking forward to welcoming you in Antibes for EURADH 2021. Please save the date!

SPONSORS

TOPICS & CODES

The EURADH 2021 conference will construct the Scientific program around 8 fields divided in 14 topics in order to cover the largest field possible. These topics will be used for the abstract submission.

SURFACES	SURF1	Surface preparation for tuning bonding: cleaning, functionalization
	SURF2	Surface properties: friction and adhesion, wettability and surface/interface interactions
NOVEL CHEMISTRY	NCHEM	Friendly structural and soft adhesives, smart adhesives, biomass derived adhesives, stimulus sensitive adhesives, sustainable adhesives and coatings, nanotechnology
BIOADHESION	BIOAD	Medical applications, biomimetics, biofilms
SOFT MATTER	SOFT1	Gel and elastomer adhesion, rheology and adhesion
	SOFT2	Fracture mechanics: analytical and numerical approaches
DURABILITY	DURA1	Durability of interfaces: ageing, fatigue, creep...
	DURA2	Recyclability, dismantling, healing or self-healing of bonded structures
STRUCTURAL BONDING	BOND1	Adhesion testing, including non-destructive and high rates
	BOND2	Bonding design and fracture mechanics
ADVANCES IN PROCESS	PROC1	Organic additive manufacturing: structural and soft materials
	PROC2	Composite joining, welded assemblies
NOVEL TOOLS	TOOL1	Methods for characterization of interfaces, interphases, surfaces and multimaterials at different scales
	TOOL2	Quality procedures, non-destructive testing and standardisation

PLENARY SPEAKERS

4 plenary talk are scheduled each morning as shown on the overview program displayed on the website www.euradh2021.com.

ABSTRACT SUBMISSION

Submit your abstract during the Call for papers (25 January - 15 April) through the online platform by creating a submitter account. The submitter must be one of the authors. Please read carefully and respect the submission guidelines available on the website.

During the call for papers, students will also be able to apply for the grants.

GRANT & PRIZE

To encourage young researchers' works, French Vacuum Society (SFV) will reward PhD students attending EURADH2021 in Antibes.

The 'Michel CANTAREL' Grants consists on Certificates (Diploma) & Cash prizes of €300 for each student.

For the second edition, an innovation award funded by FEICA (Association of the European Adhesive and Sealant Industry) will be granted at EURADH 2021. The award winner will receive a €3,000 cash prize, a certificate, and will present their work at EURADH 2021 and at the FEICA Conference and EXPO (Warsaw, Poland, 15-17 September 2021).
